STREETS DEPARTMENT

CLARENA I. W. TOLSON
Commissioner

Dear Plumber:

The Streets Department is in the process of evaluating and updating our regulations and fees. The fees for plumber permits to open the street have not changed since 2008. In evaluating the Streets Department's costs for restoring the streets, we have found that our costs, taking into account degradation of the streets caused by street openings, have increased since 2008. Therefore, the price for each square yard for plumber permits will increase by \$25. So the base permit for two square yards will increase from \$500 to \$550 and the cost for each additional square yard will increase from \$120 to \$145. These increased fees are scheduled to take effect January 1, 2013. Please plan accordingly for your business.

Sincerely,

A handwritten signature in blue ink that reads "David J Perri".
